Dear valued and respected member of the Guadalupe Community

*This notice is sent to ask for your help.
We need your ideas, suggestions as well as your concerns on the City's future.
You are cordially invited to attend a public meeting for two purposes:
A General Plan Update (GP) and for input on a Community development Block Grant (CDBG) activities.*

- 1. General Plan Update** includes **Land Use Inventory**: a parcel by parcel land use survey of the City of Guadalupe area, **Regional Visioning**: seek information on visions for neighboring communities in the county to create a synthesis of a regional vision within which the City of Guadalupe will play a role and **Community Visioning Meeting**: This meeting will also serve as a forum for defining and fine-tuning emerging directions gathered from community and other sources toward a Community Vision.
- 2. CDBG Eligible Activities** allowed are **Economic Development, Public Service, Public Facilities, Planning & Technical Assistance, and Housing Programs**. The City plans include a resubmittal of a Leroy Park/Boy & Girls facility rehab under **Public Facilities**. One additional activity can be submitted, please help us determine what the City needs.

Bottom line, you can play a role in the City's growth, its vitality and it's economic development....let your voice be heard!

Thank you for your past and continuing interest in our community,

Cordially,
CITY OF GUADALUPE

Many forget how important a General Plan is to a city. A General Plan acts as a "constitution" or framework for the city. The following graphic explains what General Plan Elements or topics are covered within the plan:

It would be wonderful if you could share this with your students and their parents.
Youth participation is highly encouraged as the students are the future of Guadalupe.
