RE: **Zoning Ordinance Update – Signs**

The draft Sign Ordinance was introduced to Council and the public in March 2020. A workshop was held in August 2020. Due to the problems from Covid, the ordinance was put on the back burner. During that time, planning staff and the City Attorney received extensive comments from the Guadalupe Business Association. Those comments have been addressed and revisions have been made to the draft ordinance.

The current version of the draft ordinance is scheduled to return to the City Council on April 26th for consideration and first reading of the ordinance.

We are providing over a month for all to review this draft and to contact staff with any comments prior to the Council meeting. Comments can be transmitted to Larry Appel, Contract Planning Director
